)'( ~ =====INTRODUCTION===== ~ )'  
{=====}

Hello again all you wonderful beautiful Burners! This second issue of the Xantusia Divulges comes hot off the heels of the Burning Man Regional Summit in San Francisco. Regional Contacts from all around the world descended upon San Francisco for an intense weekend of conferences, workshops and meet and greets. Along with the RCs, many community leaders attended as well. Arizona was well represented with a total of six people! Along with Scotto and Chromie, Coop, Wildchild, Renae Bellah, Tacky and Panther all spent a weekend learning what other regions are doing, and what we can do and how we can do it! As a direct result of this, We will be holding various "Town Hall" meetings to try to find out exactly who \*WE\* are, what we are doing, and what we WANT to do!

This episode of the XD mainly focuses on the various art projects, fundraisers, and of course, our Regional Burn, Saguaro Man!

Enjoy!

\*\* Saguaro Man - ( <http://saguaroman.azburners.org/> )

Saguaro Man will be held May 5th, 6th, 7th, and 8th at Double Dolphin Farm near Snowflake, AZ. That's less than a month away!

First Tier tickets have long since sold out, and the Second Tier is almost hanging out with the dodos too!

Want to stay up to date with Saguaro Man specific information and discuss your Saguaro Man plans? Subscribe to the Saguaro Man Yahoo group at <http://groups.yahoo.com/group/SaguaroMan/>

Want to volunteer or get involved? Sign up for the "event planning" Yahoo group at [http://groups.yahoo.com/group/az\\_regional\\_event/](http://groups.yahoo.com/group/az_regional_event/)

\*\* Burning Flipside - 05/26 - 05/30 ( <http://www.burningflipside.com/> )

Burning Flipside's theme for their 2011 event is "Bad Idea". Tickets are sold out, so you'll need to know somebody who knows somebody or get them on the black market!

\*\* Apogaea - 06/09 - 06/12 ( <http://apogaea.com/> )

Apogaea is Colorado's Regional Burn. The theme is "Illuminate". Tickets went on sale TODAY!

\*\* Nowhere - 07/05 - 07/10 ( <http://www.goingnowhere.org/> ) Going Nowhere is a little bit trickier to attend for most of us, as it's in the middle of Spain!

I'll let Cheery McCheer tell you more:

Are YOU going Nowhere? 5–10 July 2011

How do you describe Nowhere to someone who has never been? It's like dancing about architecture. Pointless!

Nowhere is the 6 day European Regional Burn and from the 5th to the 10th of July. It will once more rise from the dust of the desolate Spanish desert and become the beautiful, transformational event we know and love.

As you would expect, nothing can be bought or sold (not even coffee), there are no big name DJs and nothing can be left behind; but we do have the most amazing toilets you will ever have the pleasure of sitting on and some of the best art you will ever experience. And Ubertown... who could ever forget Ubertown!

We are currently receiving submissions for Round 2 of our arts grants (we give 15% of our turnover to fund art) here: <http://www.goingnowhere.org/en/artandartsgrants>

This year our theme is ShapeWorld... mmmm!

Tickets for all this wonderousness are on sale now. Our first tier level 1 special-offer-never-to-be-repeated price of ONLY 95 euro tickets are available through until the end of May but of course we urge everyone to buy at the highest price they can afford.

<http://www.goingnowhere.org/en/tickets>

Oh, and one last point... We are so bad-ass that no one gets in without a ticket. That's right, we comp no one. Hardcore or WHAT!!

Love and light to all in The Burniverse

\*\* Element 11 - 07/14 - 07/17 ( <http://www.element11.org/> )

Element 11 in Utah is celebrating the 10th anniversary of this event!  
Many Arizona Burners have said that Element 11 is an outstanding event! Tickets go on sale TOMORROW!

Arizona Burners are doing some pretty amazing things, but these things cost a little money! Check out these two amazing projects and get involved if you can!

\*\* Tunnel of Questionable Enlightenment - ( <http://www.tunneloflights.com/> )

The Tunnel of Questionable Enlightenment is a art installation piece that consists of 100 steel arches, each lined with 160 individually addressable RGB LEDs. The 100 steel arches will be configured in the shape of a question mark. All 16,000+ will work together and each arch's pattern will work in conjunction with the next. Participants will be able to journey through the tunnel starting at the base of the question mark. They will journey through the tunnel find themselves going through a series of random experiences that are generated by the lights emanating from The Tunnel of Questionable Enlightenment. The experience of which will be a rite of passage in and of itself. Upon exiting the question mark, enlightened participants will then have an opportunity to control the experience of others by manipulating the patterns with 4 large wheels that control the speed, direction, color, and function of the patterns. How enlightening will it be? It will be different for all, but unquestionably enlightening in some way!

See a section of TToQE at Saguaro Man 2011!

<http://saguaroman.azburners.org/artartists.htm#workinonit>

With a budget over \$16,000, we will need a lot of community support to get it to the playa in its entirety. If you cannot donate, then please just share with someone else that might be able to help out! I encourage you to try to make it to a public display of this piece as its quite impressionable in person and an amazing sight to see!

The Tunnel of Questionable Enlightenment - Fund Raiser Party April 23rd

We have a fund raiser on the 23rd of April. It will be in Tucson and will feature TToQE, DJs, VJs, fire, and Blake Collins' finely home brewed beer!

Check out the details on the AZ Burners site at:

<http://azburners.org/toqe-fundraiser.htm>

If you haven't been invited to the Facebook event friend Justin Eastman and he will invite you.

Thanks so much for all of your support!

As always...

\*\* Carnegiea Gigantea - ( <http://azcore.wordpress.com/> )

The CoRE project is slated to be the largest intentional structure burn (outside of warfare) in known history. 24 (possibly 28) effigies will be simultaneously immolated Thursday night at Burning Man, 2011. They will be laid out in a ring several hundred feet away from The Man Effigy.

The Carnegiea Gigantea is Arizona's submission to the Burning Man CoRE project. CoRE is the Circle of Regional Effigies. It's a pretty amazing project, and a bunch of AZBurners have stepped up to create something that they think we'll be proud of.

Step up and support your AZ Burner CoRE team at their upcoming fundraisers:

Saturday, April 30th, 2 p.m. - 11 p.m. at Sunny and Yards's (aka - the compound). \$10 donation and you get all the beer, food and music you want, plus an AZ CoRE project keep sake. There will also be a silent auction.

Friday, May 30th, 5 p.m. - when it ends, at Conspire in Phoenix. Beer, wine, food, music, art, playa wear fashion show (which we need male and female models for with their best playa wear). There will be a silent auction (that will be up and running by the end of this weekend) that will start online through a link on the azburners.org site, and will end at this fundraiser.

\*\* AZBurners Photo Gallery - ( <http://azburners.org/gallery2> ) Sure, you have a photo gallery on facebook, myspace, flickr, photobucket, etc.... but you can put your "compromising" photos on ours! The AZBurners Photo Gallery is a great place to share your Burning Man and AZBurner related photos with the community. Check out all the good times that are going on there!

\*\* Quick rundown of the various public AZBurner-related lists!  
We're a pretty spread out community, covering the entire state of Arizona and beyond! Stay up to date with the happenings via technology!

<http://www.twitter.com/azburners>

The official Arizona Burners Twitter feed, because well... everybody else has a twitter feed too!

<http://www.meetazburners.com/>

This unofficial sight is run by a member of the AZBurner community. It's a great place for Burner Classifieds and Ride Shares.

<http://groups.yahoo.com/group/Azburners/>

This is the main "general discussion" list. This is generally an "on-topic" list for information concerning Burning Man and Arizona Burners. Sometimes things can get a little out of hand with the snarkiness, but that's because everybody acts like one big family.

Like any other family, many people have strong opinions and aren't afraid to share them! This list can become very high traffic (100's of emails per week), especially as Burning Man gets closer.

<http://groups.yahoo.com/group/Azofftop/>

This is everything else! No holds barred, though do remember that the people on the other side of your keyboard are real and have feelings too!

<http://groups.yahoo.com/group/Azburnersnorth/>

This is another "on-topic" list that generally caters to Northern Arizona Burners. Flagstaff, Prescott, etc.

<http://groups.yahoo.com/group/SaguaroMan/>

The Saguaro Man list is for discussions directly related to the Saguaro Man event.

[http://groups.yahoo.com/group/az\\_regional\\_event/](http://groups.yahoo.com/group/az_regional_event/)

This is the "organizers" list for Saguaro Man. It's open to everybody because everybody should be involved! Please note that this list is about people being constructive and getting stuff done.

<http://groups.yahoo.com/group/azcore/>

This is the list specifically for the Arizona CoRE project. These people are getting some art made, so feel free to join their list, but don't stand in the way. Go grab that hammer and help out!

THIS LIST!

The Xantusia Divulges is a low-volume (1-2 emails a month) announcement-only email list. Any information that you want included needs to be sent to [arizona@burningman.com](mailto:arizona@burningman.com) and include the word "Xantusia" in the subject line.
